

Climate and Environment Charter reporting - 2024

Charter Commitment

01

Step up our response to growing humanitarian needs and help people adapt to the impact of the climate and environmental crises.

04

Increase our capacity to understand climate and environmental risks and develop evidence-based solutions

IMPACT's commitments for 2024

Develop climate change, disaster risk and environment priority areas of focus and expertise in IMPACT's research.

Strengthen our technical research expertise on climate change, risk analysis and environmental assessment in house.

Generate and disseminate actionable evidence about the humanitarian consequences of climate change and environmental degradation.

Support enhanced risk-informed decision-making in the humanitarian sector.

of country missions featuring climate and DRR research prominently in their country strategy papers.

Target for 2024
12 Country Strategy Papers

KPI for 2024
No data available

of global toolkits and research incorporating climate, disaster and environmental analysis indicators.

Target for 2024
5 Toolkits

KPI for 2024
5 Toolkits (CCCM, ABA, ABRA, MSNA, HSM)

of research products dedicated to or including climate, disaster responses and environment published.

Target for 2024
150 Products

KPI for 2024
103 Products

Charter Commitment

02

Maximise the environmental sustainability of our work and rapidly reduce our greenhouse gas emissions

IMPACT's commitments for 2024

Minimise / optimise the carbon and environmental footprint of IMPACT's operations, by abiding global standards

Internal measures to reduce the environmental footprint of our operations at HQ (bike to work, travel policy, sustainable procurement)

Target for 2024
Environmental footprint analysis (carbon calculator baseline)

KPI for 2024
Internal measures taken to reduce the environmental footprint of our operations at HQ

Target for 2024
Revision of the organizational travel policy

KPI for 2024
1 travel policy reviewed to be more eco-friendly

Charter Commitment

06

Use our influence to mobilise urgent and more ambitious climate action and environmental protection

IMPACT's commitments for 2024

Disseminate key findings about the contribution of climate change related disasters to the humanitarian caseload.
